

Dear Coaches,

Welcome back to the fourth first running of the Robert Warren/Charlie Eaton Relays. The date of the meet will be April 29. All laned running events will be limited to the top twenty-one entries in events around turns and the top twenty-eight entries in non-laned event. All field events will be limited to the top twenty-four entrants and each competitor will be limited to four total horizontal jumps or throws. All multiple heat running events will be seeded slowest to fastest, with medals going to the top five places according to time.

Running events will begin at 2:00 p.m. (see the enclosed order of events), while field events will commence at 2:30 PM. We will attempt to adhere to the schedule as closely as possible, **but if we should get ahead we won't hold up the meet, so make sure your athletes are at Acalanes with plenty of time to spare.** Since entrants in all individual running events will be limited to the top 21 qualifiers (three heats) in laned events. Final team results will be announced and plaques awarded following the conclusion of the meet.

Scoring of events will be 10,8,6,4,2,1 for all individual running and field events, and 10-8-6-4-2,1 for relays. All scratches will be done either at the bullpen or at each individual field event. Instruct your athletes who are alternates to be sure to arrive by the THIRD call for each event. Alternates will be added once third call is made and missing athletes are scratched. Please don't substitute athletes for your scratches and don't attempt changes yourself with the Clerk-of-the-Course! Should an athlete miss third call they will not be reinstated!

In the pole vault, the bar start at 7'06" (frosh/soph girls), with varsity girls coming in at 8'00", frosh/soph boys coming in at 9'00", and varsity boys at 10'00". It will then move up at six-inch increments until all competitors are done. There will be run-throughs for individuals entering at higher heights as the competition progresses, so plan accordingly. Obviously the better athletes won't be vaulting until later in the afternoon, but this way the vault competitions will be done while it is still light out and the pits can be put away!

ENTRIES

1. Individual entries in running events are limited to two athletes per school, taking the number of top competitors for each event as per limits listed above.
2. Due to the number entries in the field events, we will limit the total number of entries to twenty-four per event. Therefore, please enter only legitimate marks; if questionable, we will request verification. While we understand that some schools may have more than two legitimate entries in some events, teams' third entries in individual events will only be added if normal space allows and other individuals with qualifying marks make it from another team first! Non-scoring B teams will be allowed in reaces when and if space becomes available. In the four X 1600 m. races, non-scoring B teams are welcome; scoring teams must be declared before race time.
3. Pick up a program at the check-in before the meet so you can check your entries. Any problems should be pointed out to John Crain.
4. We will be accepting electronic entries at EPI Sports.com
